

# Multi-Branched Long-Term Surfactant

## GENERAL INFORMATION

**PBS150** is a long-term surfactant utilizing a unique multi-branched molecular structure to address the source of performance loss – biodegradation of the surfactant molecule by soil microbes. This increased performance may aid in reducing hydrophobic conditions on a sustainable basis for up to 150 days. **PBS150** may also help to restore the uniform movement of water into and through the soil profile. When used as directed, **PBS150** is safe to turf and can be applied at anytime of the year to avoid the detrimental impact of water repellency stress and localized dry spots on turf and to increase the vigorous appearance of turfgrass. **PBS150** is easy to apply through standard spray application equipment to all turfgrass areas.

## CAUTION

Not for use on Food Crops. KEEP OUT OF THE REACH OF CHILDREN. Read label before use. Wear goggles and chemical resistant gloves.

## IN CASE OF CONTACT

- In Eyes** – Immediately wash eyes with large amounts of water for at least 15 minutes, lifting the lower and upper lids. Seek medical attention IMMEDIATELY.
- On Skin** – Remove contaminated clothing and immediately wash contaminated area with large amounts of water for at least 15 minutes. Seek medical attention.
- If Swallowed** – If person is conscious, immediately give large quantities of water. Do not induce vomiting. Do not induce vomiting or give fluids by mouth to an unconscious person. Seek medical attention immediately.
- If Inhaled** – Move person to fresh air and check to ensure adequate respiration. Seek medical attention immediately.

NOTE: If a pesticide is mixed with the PBS150 solution in the tank, follow the First Aid Directions on the label of the Pesticide.

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.

## DIRECTIONS FOR USE

### Fairways, Tees, and Sports Turf

**100 Day Moisture Management:** Apply two applications 15 days apart at 5 ounces in 2 US gallons of water per 1,000 ft<sup>2</sup> (160 ml in 8 L per 100 m<sup>2</sup>). Reapply 90 to 100 days after last treatment or as needed.

**150 Day Moisture Management:** Apply three applications 15 days apart at 5 ounces in 2 US gallons of water per 1,000 ft<sup>2</sup> (160 ml in 8 L per 100 m<sup>2</sup>). Reapply 120 to 150 days after last treatment or as needed.

### Bunker Faces, Collars, Roughs, and Lawns

Apply two applications 7 to 10 days apart at 8 ounces in 2 US gallons of water per 1,000 ft<sup>2</sup> (250 ml in 8 L per 100 m<sup>2</sup>). Reapply after 120 to 150 days or as needed.

Irrigate with sufficient water to deliver **PBS150** to the soil profile - 1/8 inch (3 mm) or more recommended.

DO NOT combine **PBS150** in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.

## CONDITIONS OF SALE

### WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

## AQUA-AID GUARANTEE

PBS150 comes with a 100% money back guarantee. If you are not satisfied with PBS150 for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.
